2. Playing rules:

Categories U12, U13, U14, U15 - playing according to large football rules

- **Category U13** - playing in a small corner kicks from the boundary of the 16th

Categories U8, U9, U10, U11, U12 and A15 - playing according to large football rules except for offside (**except category U12, A15**) and with the following refinements:

- Players can be changed voluntarily, even during uninterrupted time. Goal-keeper's area is properly marked. Shoot has to be kicked within 5 seconds. Shoot from the football gate is realized by foot, the ball must stand and the competitors players must be out of the goalkeepers area. The player and goalkeeper can realize this shoot only on own half-field and it takes within 5 seconds. If it fails to limit, the competitor gain the ball and kicks the ball from the corner. If goalkeeper gains the ball to his hands during the match, can play the ball: a) by hand; b) directly kickoff from the hands; c) after the rebound of the ball from the ground, but only on its half-field. It means the ball must touch some of the players or the playground in front of the midline. Otherwise the competitor kicks indirect free kick from half-field. If the goalkeeper puts the ball on the ground and the ball is in constant contact with playground, this automatically means the ball is in game again and competitor can score /goalkeeper is no longer able to take the ball into his hands-otherwise it is indirect free kick/. In case that the goalkeeper will lay the ball on the ground, can directly reach the goal into the opponent's gate.

- Corner is kicked if the ball line is directed behind the goal-keeper line after a touch of a defending player or goal-keeper.

- The so-called "small home" follows the same rules as they are used in large football. If the player intends to pass the ball by his foot to the goal-keeper, goal-keeper is allowed to manipulate the ball or to kick it aside by foot, body or head, but he is not allowed to touch the ball by hands. Breaking this rule means indirect free kick, which ripple from boundary line of goal-keeper's area.

- **U12, A15 – Offside rule** – Offside applies in the area between the goal line and the border of the penalty area. Penalty area – Offside

line is characterized over the entire width of the field on both halves of U12 field (distance line of the penalty area from the goal line is 12.5 m).

- **Rule 5 seconds:**

To support a continuous play this rule will be applied and if the rule of this time limit is ignored, the competitor will win the ball in the fault place (even if the rotation). When starting to play the ball the distance 5 m must be kept.

- **Ball kick after leaving the playing area:**

Ball is throwing from behind the sideline.

- **Ball kick after achieving the goal and at the beginning of match:**

The goal is not valid directly from the kick (without contact with - pass from a football teammate).

- **Free kicks:**

During the realization of free kicks all opponent players must be 5 m away from the ball - kick from the goal net is realized approximately 3 m from the goal line.

3. Playing system:

The teams will be divided into the groups. In the group each team play against each one in one round following the draw loss time that is needed to keep absolutely exactly!
